

Giving is receiving:

“What you give away, you always get to keep!”

Sow a dime, reap a dollar. Sow a dollar, reap ten dollars. And just as surely as a tiny seed will grow when given the right circumstances, money also grows when the correct conditions are created. Use this simple letter and the simple plan detailed on these pages as an example.

We have all paid it forward and experienced giving. You give to friends. You give to charity and we give tips to waitresses. When you give a dime unselfishly, you also give to the idea that you will get a TENFOLD return in like kind. Take this letter. It only costs pocket change to copy. And yet the message here is priceless and because of that people will share and give into me, because I gave into them first. Some will share \$25, while others will share \$200 (see Pg 3).

**Throughout the ages, men and women
have searched for the Aladin’s lamp: a modus
operandi that would guarantee them a consistently
high level of success: in everything they wanted to
do. A method that would ensure riches, invite
health and procure happiness.**

When you give, you must KNOW that you are going to receive TENFOLD.

The reason this letter of prosperity has reached you is because you have done something recently that has sent this back to you! That is because whatever you give from your left hand makes what is left in your right hand, multiply. How else can you explain this letter and the reciprocity that is now here, ready to be paid back to you?

Together, We Will Touch Thousands With This Message

What if we hand-out or mail this letter? What if 93% or better never order our program (book and CD package)? Will you still get paid? YES. Because every last person who reads this message will be moved and reminded to become a full-time go-giver. You do NOT have to be paid by everyone in dollars to become paid by all. That is because it’s impossible to send out this universal message without TENFOLD coming back!

Why? Because what you give away, you always get to keep!

The Purpose of this letter is to encourage more people to study wisdom and prosperity.

Always Look For “Receiving Circumstances” Because A Go-Giver Always Knows That His Getting is Always Around The Corner

When a stranger stopped on the road to help you change your flat tire did you ask, “Why did you stop to help me?” No, because you knew you had invited their good because of the good you had done also to strangers sometime earlier. What goes around comes around and what you do to other people, the universal bank of good brings back to you.

If people read this letter and decide they want to send you \$200 because they want to ADD into you and to receive our 156 page book and six audio CD package, will you say, “Why are you doing that?” No, you will keep \$100 for yourself and forward headquarters \$100 to drop-ship the package to the person who placed their book and CD order with you.

I created this letter purposely to create the circumstance of exchange whereby through each other and our belief in reciprocity, we could encourage each other to be full-time go-givers. The product that we deliver is a 156 page book on prosperity and six audio CDs. You buy from TV. You buy stuff at stores. Now you can buy and sell through each other and profit together as we share this giving message world wide.

One of the largest and most famous personal fortunes ever made was amassed by the late great John D. Rockefeller. He started standard oil (ExxonMobile) and then JDR went off to build and donate many of the hospitals, museums and buildings in Manhattan. He also sowed hard money into people’s hands and everywhere he went, as legend tells us, ole J.D. gave a shiny new dime to everyone he met. Now tell me, do you think he was giving away dimes or gathering more TENFOLD dollars???

Lesson learned: As you sow, so shall you reap. If you do not give you can not reap. And how you think as you sow, will be how you reap. So always sow richly and give freely to become richer. Not rich.
RICHER!

“Everything duplicates after its own kind.” (Gen 1:11)

Rarely do the poor help the poor. Most poor people scowl at each other and criticize the rich. Just as the poor will mock this letter.

24 Hour Recorded Message: 1-800-772-9781 Ext. 22

Why? Because the poor will see this letter as a plan for the rich to get richer. And because the poor think poorly, the thought of using a prosperity plan to gather others like us who live to sow would actually make the poor angry! By the way, when was last time you saw a rich millionaire hold up a local grocery store? Usually the headline reads, "Rich man builds hospital wing," not, rich man robs bank again!

"You Don't Have To Get It Right, You Just Have To Get It Going!"

Most people have a job. A Fixed income. Steady hours. What they don't have is a system to collect more money outside of their job or a way to make an extra \$100 to \$500 per week. Now they do. Using this.

You can not believe in lack and abundance at the same time. One has to cancel out the other. How about you? What side of the fence are you on and does your life give evidence to what you believe? Will sowing work? No-one can prove that this will bring you more riches simply by telling you their story. You have to give and see your own patterned results yourself. Only YOU can prove this to be true. **Consider this:**

What you have failed to believe in is responsible for all that you have failed to receive. You could also say "the energy that you believe in is the **same energy** that will endorse you." I ask you to believe that the good you have done, is now on its way back to you **TENFOLD!**

The Poor Rarely Reach Out and Encourage Each Other

A poor lady once said to me, "you aren't allowed to spend \$85 and mail a two page letter to 100 people and earn \$400 teaching and reminding folks to share more freely and to be go-givers." I asked the angry lady why not (?) and can you believe, she barked at me, "because that's too easy and you aren't allowed to earn money off other people."

I said, "What about the farmer who sows his BEST seed and reaps a large TENFOLD+ harvest, what about him? ***Did you get mad at him too?***"

Hey? What about the rock-star who sells out an arena and earns \$600,000 in one night? Is that allowed? ***What are you allowed to earn?***

Never forget that what you agree with, becomes your circumstance.

Just as man has no choice but to live up to the WORDS that he uses to **describe himself**, an employee will work for a check because that is the amount he agreed to. I decided upon a different payment plan. But that's just me. I hope that inspires you. I also hope you order our incredible personal power package and use the letter we include so you can "copy" more prosperity into more lives just as I know this TENFOLD go-givers sowing letter has given unto you. Thank You! Thank You!

How much could you potentially receive \$_____?

I once heard a very smart man say this and I never forgot it, "If you continue to do as you've always done, you will continue to get what you have always gotten, *is it enough?* **Now I ask you: Is what you are getting enough?** Most people are so busy earning a weekly (too small) check they never find time to actually receive any serious income. As you sow, so shall you reap.

The \$200 package includes (6) audio CDs because some people learn better by listening than by reading. Plus you get dealer instructions too!

My \$24.95 book is one of the best you will ever read. 30 Day return policy. I promise.
