Who Love and Appreciate
Marketing and Ancient Wisdom
We Are a master mind club.

What \$10,000 Looks Like:

1: You sell eight people @ \$197 = 8 x’s \$100 = \$800.

2: You sell 12 the \$597 package = 12 x’s 250 = \$3,000

3: Only 50% (10) all came back to upgrade to the \$1,341.

4: Alright. Now add \$500 x’s 10 = \$5,000 for you.

5: You also made \$100 *on their sales* x’s 12 = \$1,200

6: Okay. *Do the math.* You just made \$15,000 in 90 days.

**“Anyone who can collect six minds can also collect 600. The problem
is that most people lose *focus and never even collect the first six.*”**

WHO IS: The Million Mind March

**Our Timing is Perfect.
History Needs You Now!**

There will always be problems. There will always be failures and set-backs. Without them and if life was easy, that would be like a tight-rope walker laying down his rope directly on the ground. Who would pay to watch that? **No one!** *But they will pay to watch YOU become ten feet tall and bullet proof!*

The real thrill is watching others **become more** than their *circumstances*. For centuries, people **have** lined up, applauded and paid money to watch other people who could speak over defeat and who publicly flaunted their greatness. That's what we do here. We flaunt, speak and "be" great.

Imagine a place where no one ridiculed your idea of self greatness. Imagine a place where people could actually participate in live forums, live events and live freedom prosperity calls and they could then live out-loud and "be" just as you thought they could. Without allowing any job or money you currently don't yet have to quiet your own commitment to your own greater good. How huge is that! *That and that alone is the power of WHO* and what we are. That is what we do here and we are unlike anything else on earth.

We are a place, a Master-Mind, is what history calls what we have, where taller minds actually speak into quieter minds and **as a people**, we raise each other up to become once and for all— *equal*.

Ben Franklin used this process. His club was called the "Junto." Caesar had his own club and all greats including Andrew Carnegie— the oil tycoon— had a Master-Mind club. In fact he even paid Doctor Napoleon Hill \$20,000 dollars and asked him so spend twenty years interviewing his own members!

That book has become a national treasure and is called, "Think and Grow Rich." A book about the power of a master-mind. Look, if you teach people about money you shame the 78% or better who simply are not ready to "get rich." However, if you teach and inspire people to become great first in their heads, as Dr. Hill did, money often follows. The Million Mind March is a living-alive-breathing place where everyone is included and your voice can and will be heard. It's a gift you give to others because to expand a persons self-image *of themselves*, is a rare jewel, a gift, that can never be returned and often multiplies.

The Million Mind March

The Big Idea #1: The Money

To earn \$500 in traditional Network marketing requires *at least \$10,000 in monthly repeat residual sales*. It's called sales volume. Plus, that requires you to acquire and generate scads of people. Sometimes 100 or more. We decided to cut that by 90% and we decided it was easier to make \$500 with just **one** person. The \$1,341 "Spellbound" course pays you \$500 and your sponsor \$100 for a complete pay out of \$600 on a \$1,341 home delivered course. *That's a big idea and an overt difference.*

The Big Idea #2: Shame and Duplication

Shame doesn't duplicate very well, nor do people who have to ask other people for big ticket big \$1,000 and \$2,000 sales. Oh, they'll buy the big ticket programs. However in truth, most people find it almost impossible to ask another person for large sums of money. That's why we created the \$12.95 "Mechanics of Wealth" course and **this \$20 "Multiplier"** course / manual and audio CD.

This way, everyone can easily duplicate because the product or program they are asking others to buy, is no more than a little Chinese take-out meal. **Cost wise**. At \$12.95, now the people who could never duplicate or move a \$1,500 to \$2,500 program, can now not only participate, but they can thrive. How? Because the SYSTEM upgrades your buyers from \$12.95 and \$197 **to** the \$597 and/or the \$1,341. Not you. The system does it for you. *That's a big idea and an overt difference.*

The Big Idea #3: The Product Literally Changes Lives

When what you sell and share with other people is self image and wisdom that comes with a Master-Mind club that offers hands-on-day-to-day support, you change lives. And your people thank you.

Nothing else, not diet pills, MLM fruity juices or internet marketing techniques could come within ten miles of the value and life long equity that **our product installs** into peoples lives. *That's not only a very big idea, it's an overt and blatant difference, between what we sell versus everyone else.*

The Big Idea #4: The Offer

No where on earth, except here, can you offer people such a life changing product and allow them to earn \$250 and \$500 PER person and earn \$3,000 with just a handful of people, and to get started for under \$20 bucks. *Such an offer simply doesn't exist anywhere else*. Not only is that profound and overtly difference, but it's a sharp contrast to most other programs that ask people to RISK \$1,000's of dollars.

The Mental Equivalent

Money will meet you at your demand. Whatever your deepest most honest subconscious belief about your value is, is all that you will ever earn. And you can never earn more than your mental equivalent.

It's easy for overweight people to add more weight. Easy. It takes no effort and no thought because being overweight is what their **self-image** is "set" at. *Like a thermostat*. However, when they try to lose weight—it's hard. *Very hard*. Why? Because they are acting inconsistent with their truest, most honest opinion of their own subconscious belief about themselves. So to remain "sane" and consistent, they binge and overeat. Because that is their self-image.

Same with money, which uses the same psychology as with the overweight people. It takes no effort, no energy or "work" to live hand-to-mouth. Why? Because poverty will seize the mind that is **not overtly money-conscious**. Spending and buying is easy for them. Earning on the other hand, is hard. Because they don't believe they are allowed to collect from others.

The little earners subconsciously *think everyone else is also broke*. That is why they only dabble with little "affordable" low-end programs. They actually feel *uncomfortable* asking people for money and so they remain in small little \$100 MLM programs. Hoping to collect 100's of people to earn \$10-\$25 from each. Which is an illusion. Case in point? Do you have 50-100 people in an MLM organization? If not, where then, will your \$5,000 per month actually come from.

The Million Mind March is not an "opportunity." It's a lifestyle, a club, a master-mind for people who love mind-set and studying ancient wisdom, who also want a system that allows you to earn substantial large commissions, with only 2-3-4 people. This is for people ready to receive serious money. For money conscious people. Not "downline" or MLM conscious.

If you are ready to change your life, both financially and mentally, and ready to lose the shame of receiving sizable and big commissions, welcome to the Million Mind March. For people who are enlightened and who demand to earn real money. No illusions.

Money will meet you at your demand. You have to "put in" to get out. No free lunch. You can't RECEIVE \$500 commissions standing there with no money put in. Sow, serve, reap.

“The desirable thing, is to possess sufficient Individuality and Initiative to be your own bell-ringer - to be a law unto yourself, so far as other men are concerned. The great men - the strong men - care nothing for the flock, which so obediently trots along after them. They derive no satisfaction from this thing, which pleases only inferior minds, and gratifies only petty natures and ambitions. The big men — the great spirits of all ages — have derived more satisfaction from that inward conviction of strength and ability which they felt unfolding into activity within themselves, than in the applause of the mob, or in the servility of those fellow nerr-do-wells who sought to follow in their footsteps.”

Leading Indicators of Those Who Became Amazing Leaders Who Knew How To Draw Large Crowds and Who Were Able To Multiply Themselves:

They were able to draw people to them. Gathering a network is second fiddle to people who possess the Multiplier Code and who are able to speak with certainty, conviction and who CAST their values flagrantly upon other men. **Martin King did.** How big is your network? Are you a “law unto self?”

Men and women of HIGH mind are effortlessly able to draw OTHER minds, people and multiplying circumstances to them. **Disney did.** So are all Presidents and Networkers who earn over \$10,000 per month. Test your own *ability and charisma*. What did you earn ____? Last month? Your Network size is ____?
